With that group she traveled and played with the team in Boca Routone, FL against other Regions of the Country and then traveled with the regional team to

play in Italy against other European Countries in an International Tournament, playing against Italy, Bulgaria, France, and Spain.

Coach Sarno says of Kendra “She has to be one of the best athletes I have ever coached - not just soccer players. Not only does she love the game of soccer, but she is a natural at it. She has worked hard to raise her game up to play at the levels she can currently and also to have had the opportunities for the playing experiences she has. Not everyone can say they have had a chance to play across the country and internationally in a sport they love. I wish her all the best as she works and moves onto the next level at Stony Brook.”
