**Elmira, NY, August 22, 2018** - The Elmira City School District Administration Offices have temporarily moved to the Washington School Building. This move is prompted by capital improvement projects underway at the 951 Hoffman Street address. These projects will take a minimum of one year and the Washington School Building will be occupied for at least the next 12 months by District Administrative staff. As this is a relatively long, yet temporary move, the mailing address for Elmira City School District Administrative Building will remain at 951 Hoffman Street. All contact information listed on [elmiracityschools.com](http://elmiracityschools.com), including phone numbers and emails, will remain the same.

“As both a building owner and a good neighbor, the Elmira City School District looks forward to revitalizing the property with movement and activity. We think of this move as an opportunity to once again bring to life a school district property that holds fond memories for many Elmira residents. We are committed to maintaining a safe, happy and secure environment,” says Hillary Austin Superintendent of Schools for the Elmira City School District.

District-wide summer hours are 8 a.m. – 3 p.m., Monday through Friday. Throughout the school year, staff will work second shift, 3 p.m. – 11 p.m. Throughout the winter, snow removal will be handled as needed and will likely be taking place during a typical third shift schedule from 11 p.m. – 7 a.m. Questions regarding the move or the building can be directed to Mike Dunn, Director of Facilities in the Maintenance Department of the Elmira City School District, at 607.735.3980.

## ABOUT THE ELMIRA CITY SCHOOL DISTRICT

The Elmira City School District is a dynamic and innovative learning organization dedicated to developing learners of character who value their educational experience and can compete globally and contribute locally by collaborating with students, families, and community partners to provide meaningful opportunities in a safe and engaging environment for all.
