Curriculum

At the Elmira High School AOF, we prepare our students to compete for Business and Finance post-secondary programs and jobs. Our curriculum is vetted by industry professionals and designed to keep pace with industry standards.

AOF Course Requirements:

- Business in a Global Economy
- Personal Finance*
- Principles of Accounting*
- Professional Ethics*

*College credit available

AOF Work-Based Learning Requirements:

- Mock Interviews/Job Shadows/
- Career Panels/Business Visits
- 120 hour paid internship

Our Academy

At the Elmira High School Academy of Finance (AOF), we engage students by using Business and Finance as a lens through which everyday problems are analyzed, approached and solved. Students learn how to think as professionals and rediscover the wonder and joy of learning.

The Elmira High School AOF began in the Fall of 2017. AOF enrollment is open to every student. To remain active in the AOF, students must meet certain academic and behavioral requirements. Students can obtain an AOF application through their School Counselor.

Students are supported to meet the AOF requirements through one-on-one mentoring with business teachers, other high school staff and business professionals.

About

- NAF (National Academy Foundation) is a national network of education, business, and community leaders who work together to ensure high school students are college, career, and future ready.
- NAF's educational design ignites students' passion for learning and gives businesses the opportunity to shape America's future workforce by transforming the learning environment to include STEM infused industry-specific curricula and work-based learning experiences, including internships.
- NAF has grown from one NAF Academy of Finance in New York City in 1982 to hundreds of academies across the country focusing on growing industries including: finance, hospitality & tourism, information technology, engineering, and health sciences.
- During the 2015-16 school year nearly 89,000 students attended 716 NAF academies across 36 states, including DC and the US Virgin Islands. In 2015, NAF academies reported 98% of seniors graduated with 92% of graduates planning to go to college.

Academy Mission

The Elmira High School Academy of Finance (AOF) will develop future leaders who are prepared for finance or related post-secondary programs and careers through a rigorous, industry standard curriculum, work-based learning program and collaboration with our community and business partners.
